Notes:

1. The lowest aged test value for acrylic coated galvalume is used for reporting initial and aged reflectivity based on tests of all major producers (Test data from Oakridge National Laboratory is available on request)

2. Aged reflectivity data is not yet available (some of these colors are not currently being tested and may not be considered for testing)

3. Galvalume® is an internationally recognized trademark of BIEC International Inc., and some of its licensed producers.

Energy Star® is a registered trade mark of the United States EPA and LEED® is a registered trade mark of the US Green Building Council
